# Waffle Booth

# Furnished Forever

The Waffle Booth is defined by crisp edges and a consistent use of repetition, taking aesthetic cues from the sculptures of Sol LeWitt. The rectilinear spacing is filled with soft upholstery, emphasising the contrast between soft and hard materials. Unlike more traditional upholstered frames, the frame here is completely on show, celebrating the precision craftsmanship required to execute the design.

|                         |   |
|-------------------------|---|
| Materials               | American ash <sup>1</sup> , upholstery                                  |
| Surface finish          | hard wax oil  |
